Charm 2023 Silver

A "magical symbol" that adopts a set of elements such as the moon, star, wave, hand, infinity, cross, placed in a circle and unfold their meanings and symbolism. The moon and the star for dreams and wishes. The heart and hand for love and friendship. The sun and the wave for life, light and revitalization. The bird and the fish for movement and freedom. Infinity, the eye and the cross for energy and protection. And the flowers like seabed corals, for the uniqueness hidden in each one of us. A fascinating kaleidoscope that attracts the goddess of fortune.

Moon: romantic, melancholic, source of dreams and excitement, element of the galaxy

Star: wishes, constellations in the summer and winter sky, shooting stars, fantasy

Cross: support, faith, protection, empowerment

Wave: liquid element, raindrops, sea, river, lake, purification, revitalization
